#82052 Lot: 231204

## **Product Information**

**Description** (S,R,S)-AHPC-PEG6-Tos is a combination von Hippel-Lindau (VHL)-recruiting ligand

and a PEGylated crosslinker with a tosyl group. The tosyl group is a good leaving group for nucleophilic substitution reactions. (S,R,S)-AHPC-PEG6-Tos is useful for synthesis of PROTAC compounds and molecules for targeted protein degradation.

Molecular Formula:  $C_{42}H_{60}N_4O_{12}S_2$ 

Supplied As: Solid

Solubility: DMSO, DCM, DMF

Stability: At least 6 months at -20°C. Avoid freeze/thaw cycles.

 Storage:
 -20°C

 MW:
 877.1 Da

 Cas No.
 2839806-94-7

Purity: 98%

## **Chemical Structure**
