

### Section 1. Product and Manufacturer Identification

 Product Name:
 TL1A-Responsive Luciferase Reporter Jurkat Cell Line

Catalog Number: #78811

CAS number:	Contains: Dimethyl Sulfoxide (CAS# 67-68-5) <u>See Section 3 for more details.</u>
Recommended Usage:	This product is intended for use in a research setting for the growth of cell culture.
	This product is sold only for research use by qualified laboratory personnel, and is not to be used as a drug, medical device, food additive, cosmetic, nor household chemical. It is not to be used in diagnostic, therapeutic, consumer, and agricultural applications.

BPS Bioscience, Inc. 6405 Mira Mesa Blvd., Suite 100 San Diego, CA, 92121 www.bpsbioscience.com

Manufacturer Information:	BPS Bioscience, Inc.
	6405 Mira Mesa Blvd., Suite 100
	San Diego, CA 92121 USA.
	Tel: 1-858-202-1401
	www.bpsbioscience.com

For a complete list of components shipped with a product, please review the product datasheet, which is available on our website at www.bpsbioscience.com. A safety datasheet for each component is available upon request.

# Section 2. Hazard(s) Identification

#### Hazard Classification

Not a hazardous substance or mixture according to United States Occupational Safety and Health Administration (OSHA) Hazard Communication Standard (29 CFR 1910.1200).

Hazard not otherwise classified (HNOC)	<b>Biosafety Level 1</b> - Agents not known to consistently cause disease in healthy adults and present minimal potential hazard to laboratory personnel and the environment.
Signal Word	<b>Lentivirus:</b> This cell line was transfected with lentivirus early in development. This may impact the Biosafety Level of this product depending on your institution and local regulations. <b>n/a</b>
Hazard Pictograms:	n/a
Health Hazards:	None known
Physical Hazards:	None known
Environmental Hazards:	None known
Hazard Statement(s):	None known

#### Precautionary statements

Prevention:	Not Applicable
Response:	Not Applicable
Storage:	Not Applicable
Disposal:	Not Applicable
Other Hazards:	Not Applicable

### Section 3. Composition and Information on Ingredients

Component	CAS No.	Common Name	EINECS-No	Classification	Weight-%
Dimethyl sulfoxide	67-68-5	DMSO	200-664-3	Flam. Liq. 4; H227	>= 5, <15%

Contains fetal bovine serum or calf serum. The physical properties of this product have not been investigated thoroughly. We recommend handling all chemicals according to good lab practices, with proper personal protective equipment, proper engineering controls, and within the parameters of the purchaser's chemical hygiene plan.

Fetal bovine serum (FBS) is FBS is ISIA-certified and sourced from the United States of America. No viruses or bacteria are known to be present; however, appropriate precautions for biological materials should be used.

### Section 4. First Aid Measures

#### **Description of First Aid measures**

Skin contact:	Remove and wash affected articles of clothing immediately and rinse skin with soap and water for 15 minutes. Immediate medical attention is not required.
Eye contact:	Rinse immediately with water for several minutes, including under the eyelids. Remove contact lenses, if present and easy to do. Rinse for at least 15 minutes.
Ingestion:	Rinse mouth with water. Do not give anything by mouth to an unconscious person. Call a POISON CENTER/doctor if you feel unwell. Do not induce vomiting without medical advice. Never give anything by mouth to an unconscious person.
Inhalation:	Remove source of exposure or move person to fresh air and keep comfortable for breathing. Get medical advice/attention if you feel unwell or are concerned.
Notes to Physician:	Treat symptomatically.

Most important symptoms and effects, both acute and delayed:

No known significant effects or critical hazards.

**Indication of any immediate medical attention and special treatment needed:** No data available.

# Section 5. Fire Fighting Measures

Suitable extinguishing media	Water spray. Carbon dioxide (CO2). Foam. Dry chemical. Use caution when applying carbon dioxide in confined spaces.
Unsuitable extinguishing media	No data available.
Special hazards arising from the substance or mixture	None known.
Special protective equipment for firefighters	Standard procedure for chemical fires.

1-858-202-1401 support@bpsbioscience.com

# Section 6. Accidental Release Measures

Personal precautions and protective equipment	Ensure adequate ventilation, and avoid breathing vapors, mist or gas. Avoid dust/aerosol formation. Isolate hazard area and keep unauthorized personnel away. Remove all sources of ignition. Always wear recommended Personal Protective Equipment. See section 8 for more information.
Emergency procedures	Evacuate personnel to safe areas. Wear Personal Protective Equipment and keep unprotected individuals away.
Environmental precautions	Stop spill/release if it can be done safely. Do not allow product to reach ground water, water course or sewage system.
Methods and material for containment and cleaning up	BSL-1 labs require immediate decontamination after spills. Allow aerosols to settle; wearing protective clothing, gently cover spill with paper towel and apply 10% sodium hypochlorite, starting at perimeter and working towards the center; allow sufficient contact time before cleanup (30 min). Clean up spills immediately. The use of additional PPE may be necessary for cleaning solutions.
Reference to other sections	See section 8 for more information.

# Section 7. Handling and Storage

Precautions for Safe Handling	Avoid contact with skin and eyes. Use aseptic procedures. Use personal protective equipment as required by BSL-1 regulations. Use personal protective equipment as required. Do not eat, drink, or smoke in working areas. Ensure good ventilation/exhaustion at the workplace. Prevent formation of aerosols. Wash hands thoroughly after leaving the laboratory. Standard microbiological practices should be followed.
Precautions for protection against explosions and fires	Keep ignition sources away - Do not smoke. The product is not flammable.

1-858-202-1401 support@bpsbioscience.com Version 2.3

Precautions for minimizing the No release of the chemical into the disc environment

No special environmental precautions are needed. Avoid discharge into drains and waterways whenever possible.

Keep container tightly sealed in a dry, cool and well- ventilated place. Recommended storage temperature: As described in technical data sheet Storage class (TRGS 510): 12: Non-Combustible Liquids
Storage class (TRGS 510). 12. Non-Compustible Liquids

### Section 8. Exposure Controls, Personal Protection

### **Control Parameters**

Chemical Name	OSHA PEL	OSHA PEL (Ceiling)	ACGIH OEL (8-hour TWA)	ACGIH OEL (STEL)
Dimethyl	-	-	250 ppm [USA	-
sulfoxide			WEELs, AIHA 2003]	

The lists that were valid during the creation of this document were used as basis.

Engineering Measures <u>Exposure Controls</u>	Ensure adequate ventilation, especially in confined areas. Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.
Personal Protective Equipment	(PPE)
Respiratory protection	In case of insufficient ventilation wear respirators and components tested and approved under appropriate government standard, such as NIOSH (US) or CEN (EU).
Hand protection	Handle with suitable impervious gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.
	Recommended Gloves Splash contact Material: Nitrile rubber Minimum layer thickness: 0.2 mm Break through time: >10 min

### Safety Data Sheet

Material tested: uvex u-fit strong N2000 chemical

protection glove (UVEX Article number: 60962) test method: EN374 If used in solution, or mixed with other substances, and under conditions which differ from EN 374, contact the supplier of the CE approved gloves. This recommendation is advisory only and must be evaluated by an industrial hygienist and safety officer familiar with the specific situation of anticipated use by our customers. It should not be construed as offering an approval for any specific use scenario. Remarks: Supplementary note: The specifications are based on information and tests from similar substances by analogy. Due to varying conditions (e.g., temperature or other strains) it must be considered that the usage of a chemical protective glove in practice may be much shorter than the permeation time determined in accordance with EN 374. Since actual conditions of practical use often deviate from standardized conditions according EN 374, we recommend using the chemical protective glove in practice not longer than 50% of the recommended permeation time. Wash hands with soap and water after removal of contaminated gloves. Manufacturer's directions for use should be observed because of manufacturer-specific differences in products. Tight sealing safety goggles with side-shields conforming Eye protection to NIOSH (US) or EN 166(EU). **Body protection** Wear suitable impervious protective clothing. **Hygiene measures** Handle in accordance with good industrial hygiene and safety practice. **Environmental exposure** Do not allow product to reach ground water, water course, controls or sewage system.

Version 2.3

## **Section 9. Physical and Chemical Properties**

### Physical and chemical properties

Physical state	Frozen liquid
Odor	No data available
Odor threshold	No data available
рН	6-8
Molecular weight	No data available
Melting Point / melting range	-10°C to 2°C
Boiling point / boiling range	No data available
Flash point	No data available
Autoignition temperature	No data available
Decomposition temperature	No data available
Evaporation rate	No data available
Flammability (solid, gas)	No data available
Upper explosion limit	No data available
Lower explosion limit	No data available
Vapor Pressure	No data available
Vapor density	No data available
Relative density	No data available
Specific gravity	No data available
Solubility	No data available
Partition coefficient: n-octanol/water	No data available
Viscosity	No data available
Explosive properties	No data available
Oxidizing properties	No data available
Other information	No data available

### Section 10. Stability and Reactivity

### **Chemical Stability**

Stable under normal conditions.

Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.					
Conditions to avoid	No data available					
Incompatible materials	Strong oxidizing agents					
Hazardous decomposition products	Hazardous decomposition products formed under fire conditions Carbon oxides, Sulphur Oxides, formaldehyde Other decomposition products - No data available					
Polymerization	Hazardous polymerization does not occur under conditions of normal use.					

### Section 11. Toxicological Information

### Acute toxicity

<b>Chemical Name</b>	Oral LD50	Dermal LD50 Inhalation LD50		Concentration / %
Dimethyl	Acute oral	LD50	Acute inhalation	>= 5%, < 15%
Sulfoxide	toxicity	Species: Rat	toxicity:	
(DMSO)	Species: Rat	Value: 40,000	LC0	
	Value: 28,500	mg/kg	Species: Rat	
	mg/kg	Method: No	Value: > 5.33 mg/l	
	Method:	information	Exposure time: 4 h	
	OECD Test	available.	Method: OECD Test	
	Guideline 401		Guideline 403	

### Skin corrosion / irritation

### **Chemical Name: DMSO**

Species: Rabbit Result: Mild skin irritation Method: OECD Test Guideline 404

### Serious eye damage / irritation

#### **Chemical Name: DMSO**

Species: Rabbit Result: Mild eye irritation Method: OECD Test Guideline 405

BPS Bioscience, Inc. 6405 Mira Mesa Blvd., Suite 100 San Diego, CA, 92121 www.bpsbioscience.com

Respiratory or skin sensit	ization	<b>Chemical Name: DMSO</b> Species: Guinea pig Result: Does not cause skin sensitization.	
		Method: OECD Test Guideline 406	
Specific target organ toxic single exposure	ity (STOT) –	No data available	
Specific target organ toxic repeated exposure	city (STOT) –	No data available	
Carcinogenicity		No data available	
Germ cell mutagenicity		No data available	
Reproductive toxicity		No data available	
Aspiration hazard		No data available	
Principle Routes of Expos	ure	Respiratory organs, mouth, skin, and eyes.	
Symptoms of exposure		No data available	
Additional information		https://pubchem.ncbi.nlm.nih.gov/	
Section 12. Ecologica	I Information		
Ecotoxicity	Substance: DMSO Toxicity to fish: LC50 Species: Danio rerio (zebra fish) Value: > 25,000 mg/l Exposure time: 96 h Method: OECD Test Guideline 203		
	Substance: DMS Toxicity to aqua EC50 Species: Pseudo Value: 17,000 mg	<b>tic plants:</b> kirchneriella subcapitata (green algae) g/l	

Exposure time: 72 h Method: OECD Test Guideline 201

Substance: DMSO Toxicity to Microorganisms: EC50 Species: activated sludge Value: 10 - 100 mg/l

### Safety Data Sheet

Exposure time: 30 min Method: ISO 8192

	Substance: DMSO Toxicity to aquatic invertebrates: EC50 Species: Daphnia magna (Water flea) Value: 7,000 mg/l Exposure time: 24 h Method: OECD Test Guideline 202
Persistence and degradability	Substance: DMSO Biodegradation: 31 % Exposure time: 28 d Result: Not readily biodegradable. Method: OECD 301 D
Bioaccumulative potential	No information available
Mobility in soil	No information available
Results of PBT and vPvB assessment	No information available
Other adverse effects	Do not dispose into surface water or sanitary sewer system.

### Section 13. Disposal Considerations

### **Disposal of Product**

It is the responsibility of the user of the product to determine at the time of disposal whether the product meets local criteria for hazardous waste. Waste management should be in full compliance with federal, state and local laws.

### Section 14. Transport Information

### IATA / ADR / DOT-US / IMDG

Classified as dangerous in the meaning of transport regulation

#### **UN Number**

Not Regulated

1-858-202-1401 support@bpsbioscience.com

UN proper shipping name	Not Applicable
Transport hazard class(es)	Not Applicable
Packing group	Not Applicable
Special Precautions for user	Not Applicable
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC code	Not Applicable

# Section 15. Regulatory Information

Chemical Name	US TSCA	TSCA Inventory notification - Active/Inactive	TSCA - EPA Regulatory Flags			
Dimethyl Sulfoxide	Listed	Active	None			

**TSCA 12(b) - Notices of Export** Not applicable

### **U.S. Federal Regulations**

### SARA 302 Components

Not applicable

### SARA 313 Components

Not applicable

### SARA 311/312 Hazards

Not applicable

### Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs)

Product does not contain HAPs.

### CWA (Clean Water Act)

Not applicable

#### **OSHA - Occupational Safety and Health Administration (Hazardous Materials)** Not applicable

### CERCLA

Not Applicable
